

COVID-19 Day Volunteering

How does day volunteering work?

Due to the current COVID restrictions, regular day volunteering is only available with the gardens team on Tuesdays between 10am and 3pm for those that live locally.

There are morning and afternoon tea breaks, as well as 30 minutes for lunch at 1pm. Our café is currently closed, so volunteers must bring adequate snacks/lunch and drink with them. Gloves and hand sanitiser are provided on site.

Social distancing must be adhered to at all times, with face masks to be worn when a 2 metre distance isn't possible or if you are in an indoor space.

We use a register to keep record of people on site, and this trace system would be used in response to a situation where COVID cases were present at CAT.

Volunteer spaces are limited to ensure distancing on site, so please register interest/book a space.

To apply, please fill in our Volunteer Application Form
